

AP RACE LONDON INTERNATIONAL 2024

SWIMMER AND COACH INFORMATION

WHAT IS THE AP RACE LONDON INTERNATIONAL?

The AP Race London International is one of Europe's most premium high-level swimming competitions, with the first edition of the event in 2023 being a huge success, we are thrilled to be back in the Olympic year to deliver an even bigger and better event!

This event will draw international and domestic athletes to compete against each other in the most iconic aquatics centre in the world. This competition will also be **World Aquatics sanctioned**; it is endorsed and licensed to the highest possible standard. This license will allow swimmers to use times achieved at this competition to qualify for the following events, if their National Federation selection allows:

- 2024 Olympics – Paris
- 2024 World Aquatics Championships (SC) – Hungary
- 2025 World Aquatics Championships (LC) – Singapore

Whether your focus is the Olympic Games or another summer meet, this will be one of the best racing opportunities in the world.

WHAT DID 2023 BRING?

During 2023 we enjoyed an incredible launch of the AP Race London International, the event hosted hundreds of swimmers, from athletes gaining their first international exposure all the way to Olympic Champions and World Records Holders preparing for a summer of racing.

We saw over 7,700 fans come to watch over the three day of competitions, we awarded over £18,000 in prize money and some of the fastest times in the world for 2023 were produced at our meet.

WHAT MAKES THIS EVENT DIFFERENT

As this project is built by former and current swimmers, combined with experienced international Event Producers to deliver an incredible level of production, we are spearheading a unique experience in this iconic venue that others cannot replicate. Our philosophy with this competition is to target three key goals;

- Athlete and coach experience
- Spectator experience
- Grassroot sport inspiration

We have these core groups at the heart of our event. This event will be exciting and engaging to race, it will provide coaches with an opportunity to expose their athletes to high level racing and it will be an incredible spectator event.

This is the only open international swimming event in the UK to have an allocated VIP section and an alcohol license that will be held throughout the venue during the competition.
